Our visit to IHOP

God highlighted us to Kristen a young woman on IHOP'S staff.

A Korean woman named Anne, has Scandinavia as her prayer assignment.

To Our Wonderful Friends,
We thank you all for standing with us in a difficult time. We will be in the states till the end of September to not only establish a relationship of accountability with a ministry here, but to register our ministry in the US under the name Kingdom Expansion Ministries International. We are thankful for each of you. Knowing you are with us in spirit and ready to receive us when we return is a huge comfort.

Paul told the Philippians that he had learned to be content when he had everything he needed or when he suffered lack of the basic necessities. He knew that in either situation God was with him and had given him the grace to be at peace knowing that God was enough. Surely the Philippians remembered how God had shaken their local jail when Paul and Silas were locked in shackles at midnight years earlier. God set them free because they sang songs of praise to God, though they had been beaten and thrown in the prison.

We had expected to enjoy the Finnish summer with you all. The warm and pleasantly dry air of Finnish summers is a joy to us after the 14 years of hot humid Florida summers where day after day walking outside feels like a sauna. Though it is hot here, God is good. The hottest days occurred while we were away. We helped our daughter and her family move from Florida to Missouri; near Kansas City. They moved there to be a part of International House of Prayer (IHOP). We spent three weeks with them, getting them settled. While there we met several leaders of IHOP and were blessed to sit in on Healing Room ministry sessions and training sessions.

IHOP partners with ministries in many parts of the world. We learned that they are partnering with YWAM to incorporate a 24/7 prayer initiative with YWAM's new camp north of Oslo, Norway. IHOP's 24/7 prayer has been used by God in local, national and international arenas. They have begun an effective ministry to help pregnant women choose life instead of abortion by connecting them with eager adoptive couples. They are also taking the lead in helping children, teens and adults escape the human trafficking market. They call these efforts, works of justice. And they surely are.

God has shown me He wants 24/7 prayer in Scandinavia and Healing Rooms as well. I believe we are to partner with these ministries in Finland, Norway and all of Europe, as He leads us. God gave my son a dream before we went to IHOP, in which we were buying an old hotel somewhere in Scandinavia. When I walked into IHOP's prayer room and saw the Healing Rooms along the walls, I remembered my son's dream. Needless so say I am excited. They are experiencing incredible miracles in those healing rooms.

Acts 10:38 "how God anointed Jesus of Nazareth with the Holy Spirit and with power, who went about doing good and healing all who were oppressed by the devil, for God was with Him."
Jesus does not cause us to be sick. The devil does. Jesus delivers us from the devils work in our lives. That is His will and the proof that His Kingdom has indeed come.

We are glad to report that in Finland the name of our ministry has officially been changed to Kingdom Expansion Ministries. Thank you all for helping us bring the reality of God's expanding kingdom to Finland, Norway and all of Scandinavia. You are all an important part of what God is doing in our ministry, as well as the ministries you are a part of in your areas.

Praise God for each of you!
